

Fakhreldin Shanan

Dundalk, MD | 667-977-8678 | f.shnaan@gmail.com | [linkedin.com/in/shnaan](https://www.linkedin.com/in/shnaan) | github.com/Shnaan

PROFESSIONAL SUMMARY

Computer science professional returning to front-end development with prior experience in software systems, IT infrastructure, and technology leadership. Skilled in HTML, CSS, JavaScript, REST APIs, Git, and React, with recent hands-on project work and structured training through Springboard and IBM coursework.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML, CSS

Frameworks and Libraries: React; Redux fundamentals

Tools and Technologies: Git, GitHub, Axios, REST APIs, VS Code

Additional Technical Experience: Oracle Forms and Reports, Joomla CMS, ERP systems, Windows Server

PROJECTS

Jeopardy Trivia Game | github.com/Shnaan/Jeopardy-Project

- Built an interactive Jeopardy-style trivia game using JavaScript, Axios, HTML, and CSS with an external REST API.
- Implemented asynchronous category and clue retrieval, dynamic game-board rendering, clue reveal behavior, game-state tracking, and restart functionality.

EDUCATION AND TRAINING

Springboard - Software Development Career Program

Remote | Completed June 2026

Front-end development program covering HTML, CSS, JavaScript, APIs, Git fundamentals, projects, mentor support, and career coaching.

IBM / Coursera - Full-Stack JavaScript Developer Professional Certificate

Coursework in progress

Completed 5 of 12 courses, including Developing Front-End Apps with React (100% grade, January 2026).

Gezira University - Master of Computer Science

Sudan | 2014

Sudan University of Science and Technology - BSc (Honors), Computer and Information Systems

Sudan | 2002

PROFESSIONAL EXPERIENCE

Amazon Fulfillment Center - Warehouse Associate / Sorter

Sparrows Point, MD | April 2023 - Present

- Sort and process customer orders using warehouse scanning systems while supporting quality and efficient fulfillment operations.
- Earned an Accuracy Ambassador certificate for consistent quality across all process paths and received multiple performance-recognition awards.

Atlas Automotive (ALJ Group) - IT Administrator to IT Manager

Sudan | January 2016 - January 2023

- Managed ERP systems, servers, networks, telephony systems, and day-to-day IT infrastructure across business operations.
- Developed a service job-control module using Oracle Forms and Reports and supported inventory analysis and secure system access.

Earlier Technology Experience: Software Engineer and Systems Developer roles at Africa City of Technology, KUSH IT, and Sudan University Computer Center (2002-2011), including Joomla/CSS web development, secure SSL communication, and software systems support.
